To whom it may concern:

I would like to recommend Pol Borbonet as the right candidate for this opportunity to carry out an internship.

During his chapter in our organization Giesecke+Devrient, Pol was working in our offices in Barcelona as a Customer Project Manager. Pol demonstrated the team spirit, good communication, extremely good organization and the right attitude that was required for the position.

During his tenure with our company, he was working on global projects mainly with our subsidiary in Italy, but also giving support to our Spanish site.

Pol effectively managed the targeted objectives thanks to his great attitude and responsibility.

I believe it would be a good decision to select Pol for this new journey he would like to take because thanks to his attitude there is no challenge that he cannot overcome.

Yours truly,

Ricardo Alonso Lamadrid
